# Continuing Education Courses

For more than 20 years, MSC has worked hard to develop a strong foundation and expertise in the Workers' Compensation industry. Today, as a leader in the field, we have a deep knowledge of every aspect of our partners' needs, and we put that knowledge to work as we continually strengthen our relationships with our vast network of providers.

MSC has teamed up with a number of its providers to offer our customers Continuing Education Courses on a variety of interesting, cutting-edge topics pertinent to the Workers' Compensation industry. Each complimentary course is designed to be utilized by our customers in an effort to advance their knowledge, meet re-licensure requirements and enhance their overall educational experience. The attached packet provides MSC's most current Continuing Education Courses. Please contact your local MSC Sales Representative to receive additional information on any course or to schedule a presentation for your office. Our prices. Our people. Our technology. Compare MSC to any company in the industry, and you'll find that nobody offers such a compelling combination of these three critical elements. And that makes MSC a better choice for you - and for your claimants.

Thank you so much for choosing MSC, your "one stop shop" for your Workers' Compensation needs.
